Education for Development and Harmony with Nature

NIT Hamirpur

Oct. 9-11, 2026

Organizers

Department of Holistic Education, A unit of Vidya Bharti Institute of Training and Research Trust in collaboration with NIT Hamirpur, IIT Mandi and CUHP, Dharamshala.

NIT HAMIRPUR

National Institute of Technology Hamirpur (NIT Hamirpur), An Institute of National Importance, is one of Bharat's leading institutions of higher technical education, located in the serene and picturesque landscape of Himachal Pradesh. Established in 1986 as a Regional Engineering College (REC), it was elevated to the status of a National Institute of Technology in 2002 and recognized as an Institute of National Importance by the Government of Bharat.

IIT MANDI

The Indian Institute of Technology Mandi is one among the eighth newer second generation of IITs. IIT Mandi is a research university now located in Kamand Valley, Mandi city in Mandi district of Himachal Pradesh. IIT Mandi's campus (about 14 km from Mandi) is on the left bank of the Uhl River at Kamand and Salgi villages. There is great variation in the climatic conditions of Himachal due to extreme variation in elevation.

CUHP, DHARAMSHALA

The Central University of Himachal Pradesh, Dharamshala is (CUHP, Dharamshala) established under the Central Universities Act 2009 (No. 25 of 2009) enacted by the Parliament. The University is funded and regulated by the University Grants Commission (UGC). The University became functional with the assumption of charge by the first Vice Chancellor on 20th January 2010.

DEPARTMENT OF HOLISTIC EDUCATION

Vidya Bharti, the world's largest non-governmental educational organization, is committed to nurturing an education system rooted in Bharatiya values while embracing modern knowledge, innovation, and holistic development. To further this vision, the **Department of Holistic Education (DHE)** was established under the **Vidya Bharti Institute of Training and Research Trust**.

DHE serves as a national platform dedicated to promoting value-based education, research, innovation, entrepreneurship, leadership development, skill enhancement, and the effective implementation of the **National Education Policy (NEP) 2020**. Through its diverse academic initiatives and collaborations, the department connects schools, higher education institutions, industry, researchers, policymakers, and society to create meaningful educational transformation.

Among its flagship initiatives, **Shiksha Mahakumbh Abhiyan** stands as the largest academic movement of the Department of Holistic Education. Conceived as a multi-disciplinary, multi-edition, and collaborative platform, it brings together academicians, scientists, innovators, industry leaders, policymakers, teachers, and students to foster dialogue, research, innovation, entrepreneurship, Indian Knowledge Systems, and nation-building. Through conferences, conclaves, exhibitions, competitions, publications, and academic outreach, Shiksha Mahakumbh continues to strengthen the vision of **Viksit Bharat @2047** by transforming ideas into impactful educational action.

SHIKSHA MAHAKUMBH ABHIYAN

A people's movement for Global Educational Transformation

The Shiksha Mahakumbh Abhiyan is a transformative national movement of Vidya Bharti that brings together teachers, students, researchers, academicians, intellectuals, industry leaders, policymakers, innovators, social organisations, and community institutions to reimagine education for a developed and self-reliant Bharat.

Guided by visionary educationists and social reformers, it has evolved into a visionary, multi-edition, multinational, and multidimensional initiative that provides a common platform for education, policy, industry, civil society, and youth to collaborate in strengthening the Bharatiya education system while positioning Bharat as a meaningful contributor to the global education discourse.

Rooted in the **Indian Knowledge System (IKS)** and aligned with the vision of the National Education Policy (NEP) 2020, the Abhiyan serves as a powerful platform for collaboration, innovation, research, entrepreneurship, and implementation. Its aspiration goes beyond national boundaries—envisioning education on a global stage, much like the Olympic spirit—where local experiences and global perspectives converge to shape the future of learning.

At its core lies a pragmatic yet forward-looking vision: to build a global education ecosystem that is inclusive, interdisciplinary, ethical, research-driven, innovation-oriented, and transformation-focused—deeply connected with the real needs of society.

Each edition of the Mahakumbh extends beyond dialogue and deliberation. It generates concrete action plans, fosters institutional partnerships, promotes research and innovation, and encourages community participation, ensuring sustainable and measurable impact.

A distinctive strength of the **Shiksha Mahakumbh Abhiyan** is its Whole-of-Society approach, transcending academic boundaries to engage teachers, students, institutional leaders, policymakers, researchers, industry representatives, social organizations, media, and community institutions in a unified mission of educational transformation and nation-building.

By positioning education as a catalyst for societal transformation, the movement calls for advancing with national consciousness, global responsibility, and a shared commitment towards **Viksit Bharat @2047**.

Each edition builds upon the achievements of the previous one, creating a continuous chain of innovation, collaboration, and implementation. Over the years, **Shiksha Mahakumbh Abhiyan** has successfully organized five national editions at **NIT Jalandhar**, **NIT Kurukshetra**, **NIT Srinagar**, **Kurukshetra University**, and **NIPER Mohali**, establishing itself as one of India's leading collaborative platforms for educational transformation.
